<b>Effective Date: 5/18/18</b>	<b>Version: 5.0</b>	<b>Page 1 of 10</b>

### **I. Purpose**

The Coordinating Committee (“CC”) is the governing committee for the eHealth Exchange and derives its authority from the Data Use and Reciprocal Support Agreement (“DURSA”). The primary purpose of the Coordinating Committee is to enhance trust relationships between the Participants by fulfilling certain responsibilities described in the DURSA. Participants have recognized that a structure is needed to assure these critical responsibilities are successfully implemented.

The Coordinating Committee must operate efficiently and effectively to fulfill the many important tasks delegated to it by Participants. This Operating Policy and Procedure describes the composition of the Coordinating Committee and how the Coordinating Committee will operate in the performance of its responsibilities.

NOTE: The Coordinating Committee is not a body established under the Federal Advisory Committee Act nor is it intended to interpret or implement the American Recovery and Reinvestment Act or provides advice or guidance to the Office of the National Coordinator (“ONC”).

### **II. Policy**

The Coordinating Committee facilitates decisions related to its duties described in the DURSA, oversees strategic, operational and management issues related to the eHealth Exchange, and provides support to the Participants. The Coordinating Committee will work in a timely fashion to achieve consensus on issues brought before it.

### **III. Procedures**

#### **A. Membership of the Coordinating Committee**

1. The Coordinating Committee members shall be selected in a manner that allows the diversity of the Participants to be reflected. It is important that there be a certain number of Coordinating Committee members who can represent the perspective of the Participants that are federal agencies and the others who can represent the perspective of the Participant that are not federal agencies. Up to five Coordinating Committee members shall be individuals who represent the Federal Participants based on the criteria listed in Section III.B.1.a (“Federal Participant Representatives”);

The Coordinating Committee members shall be elected by the Participants in accordance with Section III.B of this Policy.

### B. Selection of Coordinating Committee Members

1. **Qualifications of Federal Participant Representatives and Non-Federal Participant Representatives.** Any individual selected as a Federal Participant Representative must be a full-time employee of a Federal Participant or such other status as is specifically approved by the Federal Participant with whom the individual is associated. Any individual selected to serve as a Non-Federal Participant Representative must be either a full-time employee or an independent contractor of the Non-Federal Participant. Any individual selected as either a Federal or Non-Federal Participant Representative shall have the authority to act on behalf of such Participant as selects them with respect to matters involving the eHealth Exchange. If the selected individual ceases to be an employee or contractor of such Participant, the Participants will be entitled to elect a new representative on the Coordinating Committee to serve the remaining term for that individual. In no case shall a Participant have more than one employee or contractor serving concurrently as representatives on the Coordinating Committee.

### 2. **Nominating Committee:**

- a. The Coordinating Committee will establish a Nominating Committee. The Nominating Committee will be tasked with soliciting nominations for Non-Federal Participant Representatives from the respective group of Participants whenever there is an upcoming vacancy on the Coordinating Committee.. To be accepted as a nominee, the individual must meet the qualifications set forth in Section III.B.1 of this Policy.

- b. The Nominating Committee will use evaluation criteria provided by the Coordinating Committee to evaluate all nominations received for Non-Federal Participant Representative seats. Evaluation criteria may assess nominee qualifications, experience with production health information exchange, representation of other Participants, and level of participation in eHealth Exchange. The Nominating Committee may allow an opportunity for nominee(s) to discuss their qualifications with the Nominating Committee. After evaluating the nominees for the Non-Federal Participant Representative seats, the Nominating Committee will propose a slate of Non-Federal Participant Representatives to the Coordinating Committee.

### 3. Election of Non-Federal Participant Representatives

- a. *Coordinating Committee Endorsement.* The Coordinating Committee will review the slate of Non-Federal Participant Representatives proposed by the Nominating Committee. The Coordinating Committee may allow an opportunity for nominee(s) to discuss their qualifications with the Coordinating Committee. The Coordinating Committee may endorse the slate or modify the slate prior to endorsing it. Once a slate is endorsed by the Coordinating Committee, it will be put before the Participants for a vote.
- b. *Non-Federal Participant Voting:* Non-Federal Participants will be presented with the slate of Non-Federal Representative candidates endorsed by the Coordinating Committee. All Non-Federal Participants will be entitled to one vote for each open seat in the election, but shall not be entitled to aggregate such votes. Non-Federal Participants may use one or more votes to write-in individuals who do not appear on the slate. Non-Federal Participants may cast votes via email, phone, survey tool and/or other mechanism. Such voting shall be coordinated through eHealth Exchange support staff. Voting shall be open for a minimum of five (5) business days. The Non-Federal Participant Representative nominees who receive the highest number of votes will be elected to serve on the Coordinating Committee. Should there be a tie, the Coordinating Committee shall hold a run-off election and collect votes from each Non-Federal Participant.

4. **Selection of Federal Participant Representatives:** Federal Participants will annually appoint a voting representative to the Coordinating Committee. Any individual appointed as a Federal Participant Representative must be appointed by the federal agency that employs or engages the individual. A Federal or Non-Federal Participant shall notify the Coordinating Committee as soon as possible about anything that will result in its elected Representative or appointee to the Coordinating Committee no longer being qualified, for any reason, to serve as its elected Representative or appointee. 3. It is recognized that it may be necessary for the Coordinating Committee to consider a Summary Suspension of a Participant if in good faith the Coordinating Committee determines that imminent harm to the eHealth Exchange, Participant(s), Participant Users, or individuals may result. The Coordinating Committee may take provisional action without a quorum at a meeting called to evaluate a Summary Suspension by the Chairperson pursuant to CC OP&P 3, provided that the Coordinating Committee ratifies
