Phase 2 Implementation Guide Development Process

- Co-chairs and staff have organized and gathered the content for the 7 topic areas developed in phase 1 activities
- Topics will be addressed in priority order with two topics reviewed each meeting
  - This will be documented in the existing Google docs and/or the draft IG for the work
    - Priority Work Items Spreadsheet:
      - https://docs.google.com/spreadsheets/d/1eRbgoStsfhYzIK-wj4TIU9Wr4MEkxfF3syOxsHWIPdg/edit#gid=0
  - Staff will review existing recommendations from Carequality/Commonwell Joint IG
  - Integrate feedback from workshop(s), vendor discussions and Interoperability Matters meetings to the draft IG
  - Incorporate feedback from Data Usability Collaboration space / forum
    - https://sequoiaproject.org/interoperability-matters/data-usability-workgroup/
  - Go over problem statements from a more technical perspective
  - Document other aspects to be considered for the solution
  - Identify questions that still require clarification for all topics
  - Update the Draft IG for each topic category and use case
